

Kokopelli Group Home, LLC

A quality Transitional Program for safe and affordable Program Participation and Enhanced Life Skills Development.

Kokopelli is active in the promotion of the Group Home community. Kokopelli is a supporter of the Association of Halfway Houses Alcoholism Programs (AHHAP), Member of the Arizona Drug Court, Arizona Recovery Housing Association (AZRHA) and other prevalent associations. We have encouraged that Group Homes (aka Halfway Houses, Transitional Facilities, etc.) become assets to the community by registering with the community and meeting the local Fire Department requirements. This means paying the appropriate taxes to support the community, being inspected to assure that your safety is paramount, and working closely with the community leaders to resolve any outstanding issues.

Kokopelli has worked very hard to help develop standards of practice and quality of service guidelines for our industry. *If a Group Home does not display a License to operate a business and a Fire Safety Operational Permit, then the Group Home may not be a legitimate operating business. These permits should be displayed at the Front Entrance of the building. If the documents are not displayed, ask for them or walk away.*

Kokopelli is a Transitional Program that is licensed and registered by the City Of Mesa, a political subdivision of the state of Arizona. Kokopelli provides transitional service, for those persons deemed to have a handicap for development of social service skills, vocational and career assistance.

Kokopelli provides information and training, but Kokopelli does not provide counseling or in-house recovery meetings. All meetings should be in the community coupled with appropriate counseling.
